Dear Mr. Holman,

I refer to your letter of the 31st July the hard copy of which was received today. As well you know, your letter of the 16th July 2012 did not answer my “queries” [as you term my “questions”] and neither have you answered my “questions” [one of which was repeated] set out in my letter of the 20th July 2012. Keep insulting my intelligence will end up in issues here.

Your website proudly proffers your awarded achievements: “**Winners of the Legal Business Awards 2012 - National firm of the year**” yet Weightmans have acted and behaved no differently than common criminals and thugs. You have told outright lies, you have conspired, and you have been the lead party to deceitful, corrupt and illegal practices and then blatantly try and shrug off this atrocious criminal behavior and practice with an unbelievable cavalier and contemptuous attitude.

I am instructing my Solicitors in the civil pursuit of what you have done and I am mindful that I will consider making formal complaints to at least the SRA, The ICO and The Police and also provide this story to investigative journalists. You are by your own promotion a “National law firm of the year”, also you are “Officers of the Court”, and how dare you carry out criminal acts of Data Intrusion of my private data and information. You will find attached one or two very recent and ongoing examples of Police involvement in this type of Data Intrusion and the obtaining of peoples private Data and information without their consent. You should hope that the Police and others agree with you regarding your Cavalier and contemptuous attitude towards your criminal behavior.

If you consider these statements libelous or defamatory then bring on Court Action now and we will let everyone see exactly what type of Law firm/Officers of the Court Weightmans really are.

Yours sincerely

M
