**Data Subject Access Request (DSAR)/ Credit Reference File Access**

I acknowledge safe receipt of your letter by email and post of 20 July.

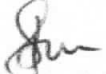

My letter of 16 July was intended as an answer to your queries. I have explained the background and circumstances surrounding the reasons your credit file was accessed without your consent.

Members of this firm were acting in the best interests of our Clients in accessing your credit file. The search was conducted in order to establish your ability to meet any costs orders made against you in favour of our Clients in the litigation in which both you and they were parties.

I note your continued dissatisfaction with the explanation given. The search was conducted as it was considered necessary for the purposes of and in connection with the legal proceedings to which reference has previously been made. It was also considered necessary for the purpose of giving legal advice to our Clients concerning enforcement prospects in respect of any orders made against you.

I do not think that I can usefully add further to the exchange on this issue.

Yours sincerely

James Holman

Partner

For and on behalf of Weightmans LLP
